ABOUT THE FIABCI-USA GRAND PRIX OF EXCELLENCE

The FIABCI-USA Grand Prix of Real Estate is a national level event and recognizes the projects that best embody excellence in all the real estate disciplines involved in its creation. It illustrates concretely the FIABCI ideal of providing society with the optimal solution to its property needs. Both newly developed and existing projects are eligible. Awarded by an international panel comprised of top real estate professionals and experts, the FIABCI-USA Grand Prix of Real Estate rewards overall merit and not just aesthetics, functionality or size. Winners and finalists will have the opportunity to enter the International Prix d'Excellence competition awarded at the World Congress each year.

It therefore represents an outstanding achievement and bestows upon the winner the right to use the exclusive FIABCI-USA award logo. Winners also gain access to unique international platforms for their projects and companies throughout the extensive FIABCI network of more than 60 member countries and over 120 professional organizations worldwide.

The Grand Prix is much more than just a beauty contest. It represents projects that are a cut above the rest!
